of when.*

Why leave the burden of decisions to fall on someone close to you, perhaps alone, with other responsibilities on their mind and most likely on the worst day of their life?

*Pre-planning is
for the benefit
of those you love.*

It is a matter of personal choice.
But in the end, we are each remembered either for the
things we have done or the things we have not done.

How do you choose to be remembered?

Because of love, I leave the following detailed instructions.

Average Funeral Expense \$136

According to our records, in 1925 this was the average funeral expense including casket, funeral director services, cemetery expense and flowers!

In the past few decades, we have witnessed inflation rates from low single digits to as high as 18%. If inflation would average about 6% per year, look at the impact on future costs!

Example:

Today \$10,000

5 Years \$13,382

10 Years \$17,909

15 Years \$23,965

20 Years \$32,071

You cannot avoid final expenses but you *can* avoid the impact of inflation. Protect your family and estate with a plan that provides a

guaranteed inflation-proof price at today's lower cost.

Two options for pre-funding final expenses

A. Revocable Trust

B. Irrevocable Trust

Both options provide important benefits

1. Inflation Proof Guaranteed Price
2. The funds are there when needed for the purpose intended, unlike the cash value of the typical life insurance policy or savings account, the funds cannot be accessed or removed by any government agency, nursing home or well meaning third party.
3. Value is exempted for SSI or Medicaid qualification.
4. Control the cost, avoid emotional overspending and lock-in today's lower price with pre-planning.
5. You will know the costs and never have to worry about out living your funds.

Thousands of clients have told us
Three reasons
why they feel preplanning is so important.

PEACE OF MIND

It's a good feeling to know these unavoidable arrangements are taken care of and that your family will not be burdened with additional and major financial decisions at a time of great emotional stress.

ECONOMY

You save as you control the cost and avoid emotional overspending. You also inflation protect your arrangements so the cost is locked-in and will never increase.

PERSONAL CHOICE

A tribute ceremony will be provided in accordance with your wishes.
